GitHub: <https://github.com/Nadeali-Hasham>

PROFESSIONAL SUMMARY

Full-stack developer with nearly three years of experience contributing to client and office-based web applications. Skilled in ASP.NET Core, React.js, Next.js, TypeScript, and SQL Server, with hands-on experience building REST APIs, relational database solutions, JWT authentication, role-based authorization, and responsive user interfaces. BSCS graduate focused on practical problem-solving, maintainable code, and reliable feature delivery.

TECHNICAL SKILLS

Backend: ASP.NET Core, C#, Entity Framework Core, ASP.NET Core Web API, Node.js, Express.js, REST APIs

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Material UI

Databases: Microsoft SQL Server, MySQL, MongoDB

Tools: Git, Visual Studio 2022, SQL Server Management Studio (SSMS), Postman, Vapi.ai, Figma

Practices: Clean Architecture, MVC, Agile development, responsive design, UI/UX principles

PROFESSIONAL EXPERIENCE

Full-Stack Developer | Contract & Office Projects

2025 - 2026

Lahore, Pakistan

Develop and maintain client-facing web applications using ASP.NET Core, React.js, TypeScript, and SQL Server.

Build and integrate REST APIs with ASP.NET Core Web API and Entity Framework Core.

Design and maintain normalized SQL Server schemas, relationships, queries, and indexes.

Implement JWT authentication and role-based authorization with guidance from senior developers.

Improve performance and maintainability through query optimization, debugging, and code refactoring.

Collaborate with QA, backend, and UI/UX teams to deliver stable, production-ready features.

Frontend Developer | Contract & Office Projects

2023 - 2024

Lahore, Pakistan

Developed responsive web interfaces using React.js, TypeScript, Material UI, and Tailwind CSS.

Integrated frontend applications with ASP.NET Core APIs and handled asynchronous data flows.

Created reusable UI components and translated Figma designs into mobile-responsive interfaces.

Integrated AI-powered voice and document-processing assistants using Vapi.ai and Blind.ai.

Contributed to scheduling and workflow automation features using Bookly.

SELECTED PROJECTS

AlfShip - E-Commerce Platform | React.js, TypeScript, Tailwind CSS, ASP.NET Core

Live: <https://alfshipping.vercel.app/> | Code: github.com/Nadeali-Hasham/alf-shipping-website

Developed a responsive e-commerce platform with product catalog, authentication, cart, and admin workflows.

Integrated payment APIs and improved performance through lazy loading, image optimization, and efficient API consumption.

Chemical & Incident Management Dashboard | ASP.NET Core, React.js, SQL Server, Chart.js

Live: <https://bqehs-frontend-c1.vercel.app/auth/signin>

<https://portal.beatybqehs.com/auth/signin> | Code: github.com/Nadeali-Hasham/Dashboard

Built chemical inventory and incident-reporting workflows with CRUD operations and role-based access.

Designed the relational database schema and developed interactive data visualizations using Chart.js.

EBookStore | ASP.NET Core MVC, Entity Framework Core, SQL Server

Code: <https://github.com/Nadeali-Hasham/EBookStore>

Developed an inventory and book management system with stored procedures for core business logic.

Added reporting features with filtering, sorting, and PDF export.

AI Resume Builder | React.js, Vite, Tailwind CSS, Strapi, Clerk, Google Gemini, Docker

Code: <https://github.com/Nadeali-Hasham/AI-resume-builder-app>

Built a full-stack AI-assisted resume builder with live preview, multi-section forms, templates, and PDF download.

Implemented Clerk authentication, ownership-safe share tokens, and Strapi APIs for resumes (experience, education, skills, projects, certifications, languages).

Added Gemini-powered AI writing with plan limits (manual unlimited / AI-enabled slots), dark/light mode, SEO, and production-ready deploy configs.

EDUCATION

Bachelor of Science in Computer Science (BSCS)

2025

National College of Business Administration & Economics (NCBA&E), Lahore | CGPA: 3.35 / 4.00
